Chicago DJ & *Producer*

Dame is a Chicago DJ and producer working across dark, bassline-driven tech house, indie tech, and indie dance. Raised on dance music in Chicago with family roots in DJing and production, he built his sound studio-first, keeping arrangements stripped back and low-end focused.

Across Chicago club rooms, he delivers opening, direct support, and closing sets alongside leading international artists—including Concord Music Hall and sold-out nights at Cermak Hall, PRYSM, Spybar, and Sound-Bar.
